More School Leaver Programme Success...

Rebecca Robinson and Katie Magill have been accepted onto modern apprenticeships with PwC, one of the top professional business service firms in the world. Both pupils have been offered a place on PwC's School Leavers' Programme in the area of Compliance Testing.

Rebecca and Katie had to undergo an extensive application process that incorporated a situational judgement test, a game based assessment, an interview and a group task. This is the 8th year in succession that Carrickfergus Grammar School pupils have been successful in achieving a place on the popular apprenticeship programme. Former pupil, Josh Boyd, is in his 3rd year on the programme and was named PwC Apprentice of the Year last year.

This scheme allows candidates to study towards a professional qualification whilst also working for the organisation on various client projects across the UK, Europe and possibly even further afield. The apprenticeship programmes are a genuine alternative for talented individuals who are interested in a career in accountancy, finance or consulting, but are not enticed by university life or are wary of the financial burden imposed by university tuition fees.

Katie and Rebecca are now looking forward to the opportunity to develop their business and accounting skills whilst earning a competitive salary and undertaking formal training and qualifications.

Behaviour information is now available to view on the **SIMS Parent APP**.

Click on the **CONDUCT** link on the **DASHBOARD**. You can view:

- Achievement Information
- Behaviour Incidents & Behaviour Points (Demerits)
- Detentions issued

Huge Congratulations to Callum MacDougall, who qualified for the World Darts Championship!
